TO PLAN WILSON FIGHT

Chicago, July 15.—Democratic leaders here to attend the meeting today to plan the presidential campaign of Governor Wilson of New Jersey, will be influenced largely by the plans which have been brought by Robert S. Hudspeth, Democratic National committeeman from New Jersey, who attends the meeting as the personal representative of the Democratic nominee. Hudspeth is fully acquainted with Governor Wilson's ideas about the national chairman, campaign plans, permanent organization, committees and all such things. He comes to Chicago also with power to deliver ultimatums, ukases and every other form of orders which will bring about action along lines desired by the Democratic nominee and new leader of the party.

For several days after his nomination it was the plan of Governor Wilson to attend today's meeting in person, but he changed his plans after finding out what has been the procedure in the case of nominees. He has learned that it has not been the custom of nominees to attend such meetings, so he decided to remain at Sea Girt and send someone to represent him. Then, too, his friends, say that the governor intends to stick as closely as possible to his job as chief executive of New Jersey so that he will not lay himself open to any charge which might affect the State campaign.

Although he will not be present at the meeting at the Congress hotel today, the governor has taken pains to let the leaders of the party know just where he stands and what he intends to do. His friends say that the governor is going to have the last say; he is going to consult and he is going to take advice, but when the time comes to render decisions, he is going to render them and there will be no appeal from his conclusions. That is one of the reasons why the question of a new chairman for the National Democratic committee, which will be settled today, has caused so much thought and discussion.

It is stated that the leaders of the committee favor either Fred B. Lynch

of Minnesota, or Martin B. Wade of Iowa. But it is rumored that Governor Wilson prefers Frank McCombs, the New York lawyer, who had charge of his campaign for the nomination or Robert S. Hudspeth, who is his personal representative at today's meeting.

It has been definitely decided by the Democratic nominee to make the tariff the main battle cry of his campaign, for to the tariff the governor subscribes all the bad trusts, all high cost of living and other economic misfortunes. Perhaps next to the tariff will come the attack on Colonel Roosevelt and his Progressive party movement, for his friends assert that Governor Wilson fears Colonel Roosevelt as a factor in the presidential fight far more than he does President Taft. He plans in his contest to cover all the points on which Roosevelt could possibly go before the country, so that there will be nothing left in the fight against the ex-president but his interesting personality. Governor Wilson will, however, reserve his best speeches and most important utterances until after he has been formally notified of his nomination at Sea Girt, N. J., on August 7.

It has been stated that there are Democratic leaders who would be willing to assume the entire care of selecting a chairman for the committee and running the campaign on the ground that the governor, as a college president and writer of political science, with only about two years close personal contact with politics, would not care to assume such responsibilities, but Gov. Wilson has made it clear that he is quite willing to look after all such matters, as well as weightier ones if need be, to insure his election next November.

The Union Service.

The Union service of the various churches of Bryan was held last night at the Christian church and the pastor, Rev. J. L. Thomas, preached the sermon. His subject was purity, based on this scripture, "Be not a partaker in other men's sin—keep thyself pure."

It was one of the strongest sermons ever delivered in Bryan. The speaker spoke first of the blessings of purity; what it meant to live pure lives, and only through purity can we attain even toward perfection.

In the application he took up the present-day evils as they exist in Bryan and handled them without gloves. The sermon made a profound impression on all who heard it.

The union service on next Sunday night will be held at the First Methodist church.
